WHY MEN LEAVE HOME.

It's "Hubby, put the cat out."
And it's "Dearly, fix the range."
It's "Have you wound the clock, love?"
And it's "Have you any change?"
It's "Hook me up the back, pet."
And "Look the cellar door."
And it's "Do be careful not to spill
Those ashes on the floor."
So let the bumper circulate,
And quaff a mournful glass
Unto the humble benedict.
Alas! Alas! Alas!

A conflict between the State and Federal authorities was averted at Frankfort Friday only because it was found out by the Federal authorities that it was not necessary to carry Daniel McMath of Brooksville, who is now in the Penitentiary, to Cincinnati to testify in the

"bucket shop" cases, which are on trial in the Federal Court in that city. Warden Mudd refused to release McMath when Deputy Marshal N. J. McDaniel served a paper on him for McMath's release.

Thus far in their discussion of tariff revision, the Free Trade papers have ignored the question of revenue, and demand tariff reductions regardless of the effect upon customs receipts.

How the tariff works in theory and in practice is shown by the attitude of Democratic Senators who claim to believe in a tariff for revenue only, but because there are among their constituents those interested in manufacturing they will favor protection for those industries.—Zanesville (O.) SCHOOL OF RIDING

Peculiar and Charming Feature With Gentry's Animal Show

One of the most charming features of the Gentry Brothers Famous Shows, United, which are to exhibit in Maysville May 7th, is the children's school of riding, which is held each day between the matinee and evening performances in the main animal tent.

Immediately after the matinee performance all children in the audience are made the guests of the Gentry Shows' management and the ponies and dogs, as well as the bigger animals, hold a sort of reception to the younger generation, which constitutes the most important part of the Gentry clientele.

Then follows a scene which certainly cannot be duplicated anywhere else in the tented world. In charge of experienced attendants, all the boys and girls who care to—and nearly all the boys and girls do—are put astride the ponies, or mounted high on the elephants and camels, and, thus enlisted in the ranks of merry-makers, are ridden up and down and around about the tents to their heart's content.

Yesterday was bright and pretty. The weather, however, was cool and crisp, more like winter than spring.

Business failures in the United States for the week ending with April 29th were 268, against 247 last week.

The Sewing Society of the Central Presbyterian Church will meet with Mrs. Sallie Baldwin Tuesday afternoon at 2 o'clock.

Mrs. Sarah Horn of Union county, O., aged 85, has read her Bible 76 times. A record is kept on the blank pages of the front.

May, the month of sunshine and flowers, has more than an ordinary significance in the life and events of one of Maysville's most beautiful Christian characters. She was born, married and widowed in May.

The burden of a speech made at Cincinnati many years ago by P. W. Strader, when a candidate for Congress, was, "never mind the weather so the wind don't blow." The speech hung by him for a long while, although, we believe, he was elected. The wind Thursday night reminded us of that speech. Mr. Strader was related to the Woods of this county.

Mrs. Andrew Cloney had a narrow escape from drowning yesterday. Mr. and Mrs. Cloney were cruising in their gasoline launch and when nearly opposite the Fifth Ward grade the latter attempted to change her position in the boat and in doing so—owing to the high wind and rough water—she lost her balance and was pitched head first into the river. Mr. Cloney immediately reversed his engine and when his wife rose to the surface was fortunate in catching her by the top of the head and succeeded in pulling her into the boat. His prompt and cool action alone saved his wife's life.

The Aberdeen Public Schools will close this week.

There was one baptism at the First Baptist Church services last evening.

Mr. and Mrs. Fred Arn have joined Price's Floating Palace for the summer season.

W. F. Power has been indicted by the Brown County (Ohio) Grand Jury for removing land marks.

Owing to the disagreeable weather and no attraction in Cincinnati the C. and O. only sold 35 tickets yesterday.

Mrs. Ray Dora of East Second street, who has been very ill for a week past, is very much improved this morning and getting along nicely.

Mr. Charles E. Martin of this city has bought a lot at Park Lake, Fleming county, and will erect a cottage at this coming summer resort.

Yesterday morning about 8 o'clock a floater was caught in the Ohio river a short distance below Aberdeen. The corpse was that of a man about 26 or 28 years of age, was fairly well dressed and is supposed to have been in the water some three or four weeks.

The first proclamation of the marriage of Mr. John Carpenter and Miss Emma Ring was announced by Father Jones yesterday at St. Patrick's Church. The groom is a valued employee in the L. and N. Freight Office, with many friends, while his fiancée is one of the charming girls of the East End.

The announcement that Colonel Bennett Young of Louisville, leader of the famous raid on St. Albans, Vt., by a band of Confederates in 1864, had been invited to St. Albans as orator of the day for the opening of the Champlain tercentenary celebration, has had the effect of stirring the G. A. R. veterans of Vermont to emphatic protest. Roberts Post, G. A. R., of Rutland, Vt., the largest in the State, has passed resolutions condemning Governor Proctor of Vermont and the Mayor of St. Albans for sending the invitation to "the leader of a band of guerrillas, robbers and murderers" and other Posts promise similar action.

Jurist Stanton

The Ledger: In yours of 29th April, in referring to the coming Alaska-Yukon Exposition and in fitting terms to W. W. Wilcox, another worthy "Man from Maysville," you add:

"Then, too, it is of more than passing import to all Maysville people to feel that we have at least a maternal interest in the great Exposition, because a 'Maysville Man,' Hon. R. H. Stanton, had the honor of giving the new State of Washington its name in honor of the Father of His Country, while a member of Congress."

I thank you for occasion long awaited for some expression connected herewith.

It would be arrogance in me to more than allude to or recall Hon. Richard H. Stanton before passing away be personally inscribed upon the hearts and memories of every "Man from Maysville" indelible evidences of his manhood and humanity—upon the records of his country a name nothing short of famous.

Now, whilst glorying in the fact that our illustrious fellow-townsmen christened a blooming sister State, is it to our credit that the one State perpetuating his memory is thousands of miles away, in the land of his christening? That if seeking the resting place today of this illustrious "Man from Maysville," the record alone would show where?

Is there no "food for thought" in this—no motor for action? It would seem that Maysville owed it to itself to guard the laurels won in the field of jurisprudence and statesmanship, in contest with the world's best.

HER PHYSICIAN ADVISED

Faking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during a change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all woman's troubles, and I never forget to tell my friends what it has done for me."—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped. Granville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Granville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

Don't Make a Mock-Sacrifice

The duty of dressing well is, primarily, a business one. Secondly, it is a question of self-respect and good taste. No worth-while consideration urges for carelessness in dress. It is not "economy," it is not "self-sacrifice" for one's family, for it would be a mock sacrifice; it is not to be condoned on the plea that one is "too busy" with more important things, for there are not many things more important.

The readers of this paper will be pleased to learn that there is at least one dread disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.

THE SWASTIKA

Occupants on Board Having Enjoyable But Exciting Trip

The following letter has been received by a friend from Mr. C. P. Rasp, who is en route South with Mr. Will Pelham on the latter's fine little launch, Swastika—

BIG MUSSEL SHOALS CANAL, April 27th, 1909.

Dear Friend:—We arrived safely at Florence, Ala., yesterday at 2 o'clock and after walking one mile to the town, as Florence is about that distance from the river, I found rather a neat little place of about 10,000 inhabitants. The Confederates were having Decoration Day and there was speaking at the Courthouse and quite a large crowd in town.

We very seldom strike anything along the river but landings where there are two or three houses and a country store. I bought a few apples (including a snake) and found out that the Standard Oil Plant was out where our boat was landed, so I loaded my bundles up in my arms and footed the mile, sweating like a Nigger at election. I found the Agent to be a young fellow about 27 or 28 years old and he seemed to be a nice young fellow. I gave him your letter and he was very accommodating to us.

I need to think the Ohio got rough, but the roughest days on the Ohio are like smooth ones on the Tennessee. At Riverton, Ala., Uncle Sam is building a canal about nine miles long around Colbert Shoals. The dredge boats were working to beat the hand as we came by, and we had to come over the shoals, and, say, we bounced around like a chip on the ocean. This canal that we are in now is about fourteen miles long and has about nine locks and dams in it. We got through Nos. 9, 8 and 7 last night and stayed between 7 and 6 last night. We started out this morning and went through No. 6, where we now are and perhaps will have to stay for a while, as there is a log in the gate, wedged so that is almost impossible to get it out, and we have to wait on Uncle Sam, or in other words the United States Government. Just got word, however, that they were through and were putting the water in the lock.

Uncle Sam surely takes good care of his employees. Words cannot describe the beauty of the scenery through which we have passed and especially the home of the Superintendent of this canal. You would think it was a National Park of some kind. They have splendid driveways all around, with flowers every place, and cement steps to go from one elevation to another. His place, or rather residence, is at Lock No. 6, the center or middle lock. He seems to be rather a clever fellow. His name is Wind, but not of the hot variety, as he is business from the work go. We have met several of the hot variety, however, on this trip.

We are now about 205 miles from Paducah and though we have not had all smooth sailing by a whole lot, we are having the best time that we ever had and are surely enjoying ourselves. I wish that you could be with us at times, and at other times I am glad that you are not, because I know that you would not enjoy part of this at all. Anyone at least timid about the water has no business on the Tennessee river. If we had some people on board it would be impossible to keep them there, for they would think that the boat was going to pieces and would want to desert her. Well, will close, with regards to the gang. I am as ever, yours faithfully, C. P. R.
